

Purdy Construction and Renovation, Inc. established in 1987, in Waco, Texas; *is a full service General Contractor doing renovation, remodel, additions, custom homes and light commercial projects in the central Texas area.* **The owner and president, Gerald Purdy, has over 30 years experience** *in commercial and residential construction.*

Our goal is to provide quality construction services at an affordable price. We also strive to finish our projects on time, and with the least inconvenience possible. Our organization is a member of the Waco Chamber of Commerce, the Better Business Bureau and the National Federation of Independent Business.

Whether your project is big or small, it receives the same hands on attention to every detail, from beginning to end. We provide design-build services when necessary and also have served as Construction Managers on various projects.

We take great pride in making your dreams a reality, and enjoy the fact that our previous customers become some of our greatest salesmen.
